

CURRICULUM VITAE

Prem Kumar

M.tech, Energy Engineering

Address: Vill-Purio, PO-Kesha, PS-Bero,

Dist-Ranchi, Jharkhand (835202)

Mobile No: +91-9113108780

Email: prem.mnre780@nic.in, premkumarkumar7581@gmail.com

Carrier Objective

To build a career in the power sector by contributing to evidence-based policy and regulatory analysis. I aim to apply my technical knowledge in energy engineering and practical experience in tariff, regulatory, and renewable energy matters to support transparent, efficient, and sustainable power sector development.

Academic Profile

- M-Tech in Energy Engineering from Central University of Jharkhand Ranchi (2019-2021) secured a CGPA of **7.75**.
- B-Tech in Electrical Engineering from Vinoba Bhave University, Hazaribagh (2015-2019), secured **82.5%** marks.
- Intermediate from JAC board 2014, secured **69.8%** marks.
- 10th from JAC board 2012, secured **74.2%** marks.

Work Experience

- **Young Professional (Policy and Regulatory Affairs)**
Name of organization: **Ministry of New and Renewable Energy**
Duration: (29th Aug 2025 to till now)
Role and Responsibility: Contributing to renewable energy policy, regulation, and analysis for a sustainable power sector.
- **Research Associate (Engineering)**
Name of organization: **Central Electricity Regulatory Commission**
Duration: (21st Feb 2024 to 28th Aug 2025)
Role and Responsibility: a) Preparing inputs and analytical briefs. b) Undertaking research, data analysis, and coordination with professional consultants for studies and reports. c) Conducting research and data analysis on tariff orders, input price of coal and miscellaneous disputes between parties, particularly in relation to Change in Law issues like FGD.
- **Project Engineer (Power)**
Name of organization: **Indian Institute of Technology Kanpur**
Duration: (21st Nov 2022 to 20th Feb 2024)
Project: "Strengthening regulatory Research & Network in the Power System Sector" funded by the Govt. of UK
Role and Responsibility: (a) Research and Data Analysis: on power sector regulations, energy markets, policies, RE flexibility, and gender/social inclusion, providing insights for decision-making. (b) Leading Activities & Project Support: developing project pipelines, and assisting leadership and advisory committees in strategic decisions. (c) Workshops and Training: Organizing online workshops, training, and certification programs. (d) Regulatory Study: Analyzing draft regulations and discussion papers from Indian power sector authorities.
- **Junior Research Fellow**
Name of organization: **National Institute of Technology Hamirpur**
Duration: (1st June 2022 to 19th Nov 2022)
Role and Responsibility: Study and Research on Development of Intelligent Controllers for Back-EMF-Based Position Sensorless Brushless DC Motor Drives Employed in Solar Photovoltaic Water Pumping Systems.
- **Graduate Apprentice Trainee**
Name of organization: **Power Grid Corporation of India Limited.**
Duration: One Year (13th January 2021 to 12th January 2022)
Role and Responsibility: a) Testing and Maintenance of Substation Earthpit. b) Thermovision scanning of Switchyard Equipment. c) DCRM, CRM, Timing test of Circuit Breaker. d) AMP work in Main, Tie Bay of Switchyard. e) Monthly activities of Battery Bank, Transformer, Reactor

Projects & Training

+ Electrical Repair Workshop

Name of organization: C.C.L. Barkakana

Duration: One month (25th September to 30th October)

+ Training Title 1: CSIR: Summer Research training program

Name of organization: **CSIR-NEIST, JORHAT**

Duration: Three month (2nd June to 30th September 2020) during M-Tech

+ Training Title 2: Tour and Training

Name of organization: **Heavy Engineering Corporation Ltd.**

• Academic Project

❖ **Project Title 1:** Arduino based footstep power generation using piezoelectric materials during B-Tech.

❖ **Project Title 2:** Charging of electric vehicle from solar energy with grid integration during M-Tech.

Area of interest

1. Power sector regulation and policy, Regulatory Governance, Renewable Energy: Flexibility and Storage,
2. Energy Markets, Controller Design
3. Reverse Engineering, PLC, Industrial automation and control, Artificial intelligence

Technical Skill

- Technical Language: MATLAB, CCS
- Circuit design, Testing, Operation and Maintenance of all Electrical equipment.
- Energy Efficient Building: eQuest.
- Solar PV Design: PVsyst.
- Controller design: TI Delfino F28335 Experimenter Kit
- Programming Language: C, C++.
- Word Processing: Microsoft Office (Word, Excel, PowerPoint).

Soft Skill

- Presentation skills.
- Teaching and Research skills
- Communication with non-technical team members.
- Complex problem-solving.
- Mentoring skills.
- Willingness to travel.

Workshop/Seminar attended

- Five day Workshop on “**ROBOTICS**”.
- Five day training on “**ARDUINO**”

Membership in professional bodies

1. Student coordinator of technical fest during m-tech (ENERGIA).
2. Student coordinator of technical fest during b-tech (TECH FESTA).

Award and Achievement

1. “**GATE Examination 2019**” qualified organized by IIT Madras.
2. Various field topper in Academic career.

Personal Qualities

- ❖ Positive Attitude
- ❖ Decision Making
- ❖ Communication skills

- ❖ Honesty and hardworking
- ❖ People management skills
- ❖ Quick learner

Language

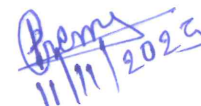

- English
- Hindi

Personal Information

Name: Prem kumar
Father's Name: Mr. Umesh Thakur
DOB: 18/05/1997
Sex: Male
Nationality: Indian
Marital Status: Married

Declaration

I hereby declared that all the information given here is true to the best of my knowledge.
